

# European Silk Road Summit 2022

**How duisport will continue strengthening the Eurasian connection**

**Dr. Carsten Hinne**  
Member of the Executive Board

December 7<sup>th</sup>, 2022

**1,550 hectares of space** offer plenty of room for additional logistics companies.

**400 CT connections** a week to 100 destinations in Europe and Asia.

**2.2 m. m<sup>2</sup> of covered storage space** provides optimum protection for sensitive goods.

**51,580 workplaces** are directly or indirectly connected to the port.

**130 crane facilities** with a loading capacity of up to 500 tonnes.

**20,000 ships and 25,000 trains** processed every year.

**9 container terminals** with a total of 21 portainers handle over 4.3 million TEU a year in the port.

## duisport – gateway to Europe

### Within 150 km:

- 30 million consumers
- EUR 600 billion in purchasing power
- 300,000 companies

### Optimum infrastructure prerequisites

- Directly on the Rhine - Europe's most important waterway
- Number 1 rail hub
- At the intersection of international highway axes (A 2, A 3, A 40, A 57, A 59)

### Excellent location

- State-of-the-art infrastructure and suprastructure
- Top-level multimodal networking

### Ideal starting point for sustained success.

## Infra and Superstructure provider

## Logistics services

## Packing logistics

### with locations in:

- **Northern Germany:** Hamburg
- **Western Germany:** Duisburg, Essen, Westphalia
- **Eastern Germany:** Chemnitz, Schönheide
- **Southern Germany:** Offenbach, Augsburg, Munich, Sinzing, Velburg
- **Belgium:** Antwerp
- **India:** Pune
- **China:** Wuxi, Qingdao
- **France:** Strasbourg, Mulhouse, Nancy
